

# DELTA TRAILER WARRANTY

Delta Manufacturing, Inc. of Newport, Arkansas, warrants that the body and frame structure of its products, to the original purchaser, to be free from defects in workmanship and material under normal use and if serviced and used in the manner for which the trailer was initially manufactured for a period of (1) one year from the date of purchase. Paint warranted for a (6) six month period.

This warranty shall not apply to: (1) normal maintenance service or adjustments; (2) any product which may have been altered in any manner by the purchaser; (3) any product which has been subject to misuse, neglect or accident; (4) tires, axles, brakes, wheels or other trade accessories. (These may be subject to the warranty of the manufacturer of each accessory.)

**Warranty work performed at Delta does not include any freight charges to transport the trailer to the factory.**

Note that it is the duty of the purchaser to check the wheel lugs and tighten, if necessary, and to insure that the wheel bearing lubricant is sufficient, both within the first 300 miles of use of the purchased product. Specific instructions in this regard are attached. Failure of the user of the purchased product to follow the instructions may result in damage to the purchased product and its accessories. This warranty is void in the event that the user of the purchased product fails to follow the instructions provided herewith. Delta Manufacturing, Inc., specifically disclaims any liability for injury to persons and/or property resulting from the failure of the user of the purchased product to follow instructions provided herewith.

Undercarriage components (springs, axles, hubs, drums, bearings, brakes, U-bolts and wheels), are subject to a one year parts only warranty provided that defective parts are deemed faulty by authorized personnel of Delta Manufacturing, Inc., and are returned, freight paid, to Delta Manufacturing, Inc., of Newport, Arkansas.

Due to the “in use” volatility of elements beyond the control of Delta Manufacturing, Inc., the wiring and lights of its trailers are warranted only to be correct and in working condition at the time of acceptance by the original purchaser. No warranty shall apply to these components thereafter.

There are no warranties which extend beyond the description on the face hereof, expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose.

No person is authorized to give any warranty or to assume any other liability on behalf of Delta Manufacturing, Inc.

Delta Manufacturing, Inc. reserves the right to redesign or change its equipment or component parts without incurring the obligation to install or furnish such changes or equipment on previously delivered trailers or other products.
